By DANIEL LOGAN.

HAWAII'S DIRECT FOREIGN TRADE

Hawaii's direct trade with foreign countries for the ten months ending with April last, excluding a small amount of exports of foreign merchandise, aggregated \$5,010,137.

Of this sum, \$4,588,236 represented imports and \$421,901 exports. There was an increase of \$739,140 in imports and of \$174,177 in exports.

Foreign goods received from the United States in addition amounted to \$220,656, or \$13,401 less than for the corresponding period ending last year. Hawaii shipped to the United States in the same period foreign goods to the value of \$25,380, an increase of \$5,691, and to foreign countries foreign goods valued at \$3,560, a decrease of \$2,338. The net increase in exports of foreign goods hence is \$2,663, while the net decrease in Hawaii's traffic in foreign goods other than direct imports from countries of origin, was \$20,538 for the ten months designated.

Direct Foreign Imports.

Following is a list of the principal countries from which the more than four and a half millions of imports came, with the amounts and increases and decreases for the period in question:

Belgium, \$33,494; increase, \$10,909.
France, \$15,690; decrease, \$3,824.
Germany, \$580,473; increase, \$273,632.
Italy, \$6,915; increase, \$4,011.
Netherlands, \$15,020; decrease, \$12,795.
Sweden, \$4,050; increase, \$2,551.
United Kingdom, \$45,282; increase, \$112,789.
Canada, \$27,107; increase, \$12,335.
Chile, \$298,853; increase, \$76,899.
Chinese Empire, \$14,566; increase, \$1,367.
Hongkong, \$274,074; increase, \$30,451.

Japan, \$1,708,662; increase, \$160,525.
British Oceania, \$276,606; decrease, \$32,637. Australia and Tasmania separately, however, increased their exports to Hawaii by \$76,862. The decline is produced by a falling off in imports of over \$500 from New Zealand and about \$108,000 from all other countries in that group.
French Oceania, \$16,475; all increase.
German Oceania, \$58,210; increase, \$57,689.
Philippine Islands, \$91,887; increase, \$22,840.

Direct Foreign Exports.

Exports of domestic products from Hawaii were made to the countries mentioned below in the ten months as follows:

Germany, \$34,114; increase, \$16,908.
United Kingdom, \$43,241; increase, \$42,761.
Canada, \$25,823; increase, \$8,353.
Peru, \$1,350; all increase.
Chinese Empire, \$4,566; increase, \$2,685.
Hongkong, \$19,078; increase, \$16,632.

Japan, \$21,225; decrease, \$190,695.
British Oceania, \$7,476; decrease, \$4,207—all other than Australia and New Zealand being responsible for \$2,404 of this.

German Oceania, \$653; all increase.
Philippine Islands, \$292,757; increase, \$278,172.

NEW RICE MILL.

The K. Yamamoto Rice Mill is the largest as well as the finest in the islands. All machinery is of the very latest pattern. The famous Tengu Rice is cleaned at this mill. With the large cleaning capacity they are able to handle considerable outside particular work which they guarantee.

SUGAR CARGOES WELL HANDLED

(Correspondence of the Star.)
HILO, July 15.—Among the visitors in Hilo at the present time is A. M. Nowell of the Sugar Factors' Company, who came up on the American-Hawaiian steamer Alaskan, to familiarize himself with the details of the shipments of sugar from the ports on the outside islands. Before coming here he watched the handling of sugar at Kahului and Kaunapali, and has been not only looking into the actual handling of sugar on board the American-Hawaiian vessel, but also at the various landings in this vicinity. In speaking of the matter he said:

"I have been spending considerable time in looking into the shipping of sugar from this port, which is of especial interest, as sugar here is not only handled from lighters, as is the case at Kahului and Kaunapali, but is coming on board at the same time from the inter-island steamers. During the first day or two that I was here there was not so much going on, as the Wilhelmina was handling sugar, which held back the work on the Alaskan."

"From what I have seen I should say that the work was being carried on very well and smoothly here, and the great companies seem to work very well together. The crop here this year is large, but is being easily handled and everything is going along very smoothly."

FILED FOR RECORD

Documents entered of record July 18, 1911, from 10:30 a. m. to 4:30 p. m.:

POPE HEARD FROM.

Governor Frear has received a letter from Superintendent of Public Instruction Willis T. Pope, stating that he has been making a close investigation of the organization and management of reform schools and detention homes, with a view to adopting some of the suggestions presented in this Territory. He had spent some time at the Parental Republic of Los Angeles and at the Henry George Junior Republic at Chino, Cal., two institutions of more than local note.

COFFEE MARKET MOVES UPWARD

Willett & Gray, July 6.—Coffee prices have made another move upward in a natural way and because the position itself is irrefragable. Once more coffee itself leads the movement, solely on the question of supply and demand, because production is smaller than consumption and available supplies are dangerously small. This one fact is thrown out in bolder relief because trade holdings in the interior are so insignificant and the necessities of the consuming trade are so great and so urgent. Another strong feature is the heavy short interest in the speculative markets in consuming countries, and as frequently predicted in these reports, actual coffee will lead the speculative markets and assert its true merits over and above manipulation and unhealthy tactics.

Week ending July 5—July option, highest 11.32, lowest 10.99, closing 11.32; same time last year, 6.75.

SHIPPING

(Continued From Page Two.)

Wilhelmina Had Big Sendoff.

The Wilhelmina had a big crowd on board when she pulled out punctually at ten o'clock this morning, and there was an enthusiastic sendoff from the hundreds of people who thronged the wharf. It was indeed an animated scene. Many prominent people went away on the vessel. Berger's band was in attendance, and added considerably to the enjoyment of the function, for the departure of a popular liner always is a function in Honolulu.

In her holds the Wilhelmina had a large amount of freight, which included 4,500 tons of sugar, raw and refined, 1,100 cases of canned pineapples, 1,000 cases of pineapple juice, 4,300 bunches of bananas, 500 tons of rice, a large shipment of molasses carried on deck in barrels, and shipped by the Honolulu plantation, as well as the usual odds and ends.

The Wilhelmina is due at San Francisco on Tuesday morning next.

Claudine from Hawaii.

With her unfailing regularity the Claudine arrived early this morning from Hawaii via Maui, with twenty cords of wood, forty-one cases of rice paddy, twenty-four sacks of corn, twenty-nine packages of hides, seven crates of chickens, one automobile, one gasoline launch, thirty-three hogs and 166 packages of sundries.

Maui Brings Sugar.

Sugar made up the total cargo of the Maui from Hawaii this morning, for she brought 7,275 sacks.

Niihau from Hawaii.

The Niihau, from Hawaii, this morning brought 4,600 bags of sugar, fifty head of cattle, forty packages of sundries, ninety-four bags of awa and ten empty drums.

The purser reported that the R. P. Rithet, which left here on Sunday morning for the Hawaiian Islands, was loading sugar at Mahukoua.

W. G. Hall Has Sugar.

The W. G. Hall arrived this morning from Kauai with 5,500 bags of sugar, one automobile, thirteen empty gas drums, fifteen bags of rice, twenty bags of taro, four empty kegs and forty-five packages of sundries.

Carter Gets Another Deserter.

Ex-Harbor Officer Carter was looking for a deserter from Lelihu named Herman Johnson, and in his quest he arrested a man named Frank P. Hopper. This man denied that he was Herman Johnson, also that he was a soldier. He answered to a description with which Carter had been furnished. Subsequently, he admitted that he was Hopper, a deserter, and said that he wanted badly to get to the mainland, as he was not enjoying good health here. Carter is to hand over his charge to the military authorities. This is about the last arrest that Carter will effect, as Jack Wedley is now in full swing as harbor officer.

This morning Wedley searched the Wilhelmina for stowaways, but failed to find any. All were workaways, he said.

Sugar on Kauai.

Purser Logan of the W. G. Hall reports that the following sugar was awaiting shipment on Kauai: K. S. M., 770 bags; M. A. K., 4,851; G. & R., 400; McB., 4,715; K. K. B., 21,000; M. S. Co., 2,003; K. S. Co., 1,800; K. P., 14,150; P. L., 9,690; G. F., 11,034.

Passengers Arrived.

Per S. S. Zealandia, from Australia, July 18.—Mrs. J. O. Visger, Miss E. Homewood, Miss E. J. Clark, Miss E. Clark, Miss Katherine Grey, D. Croz-

NEW OIL GUSHER IS BROUGHT IN

SAN FRANCISCO, July 12.—Trading at the San Francisco Oil Exchange yesterday was better than for some days, the market showing considerable activity.

SAN FRANCISCO, July 11.—From the Sunset-Maricopa field comes a report that the Midway, Northern Oil Company, section 32, 12-23, went into the oil sand with well No. 2 a few days ago and that the well immediately started to flow at a tremendous rate, estimated by Superintendent Smith at 10,000 barrels a day and even greater by others who saw the gusher. As soon as the flow subsided somewhat, the hole was again filled with water to hold down the flow until the well can be finished. The sand was reached at 2140 feet, 230 feet deeper than No. 1, with the six-inch casing. (This string will be landed and the well finished with 4 1/2-inch pipe.)

THE SCHUMAN BUILDINGS.

John Oudekirk, contractor, yesterday started work on the Merchant street end of the Schuman Carriage Company's reconstruction. What was the old garage part, being on the line of Bishop street extension, will be cut away, with the exception of the office side. Concrete walls will be erected on the front, rear and side, completing a new office building 26x65 feet in dimensions. A concrete building of fifty feet frontage on Queen street and sixty feet deep, for the carriage department, has been erected. Between this and the office building, completing the series of structures from Queen to Merchant street, will be the garage, 75x135 feet in dimensions.

STOCKS DULL AND UNCHANGED

Sales of fifty shares of McBryde at \$6.50 and ten of Oahu at \$31.25, neither showing any change, were the only transactions on the Honolulu board this morning. There were reported from between sessions another fifty of McBryde at the same price as above, also twenty-five H. C. & S. at the unchanged figure of \$38.37 1/2 and fifty Hawaiian Agricultural (Pahala) at \$250 on the last previous sale quotation. Hilo Railroad refunding and extension sixes registered a drop of five points in a sale of \$1000 at 91.

STOCK SALES

Honolulu Stock Exchange—Sales between boards—25 H. C. & S. Co., 38.37 1/2; \$1000 Hilo Extra 6s, 9100; 50 McBryde, 6.50; 50 Haw. Agri. Co., 250.00.
Session sales—50 McBryde, 6.50; 10 Oahu Sugar Co., 31.25.
Sugar quotations—88 Beets, 11s. 9 3/4d.; 96 Centrifugals, 4.23c.

BUSINESS BRIEFS

Henry Waterhouse Trust Co., Ltd., has bought from Kaimuki Land Co., Ltd., various lots in the Waiata section for \$5000.

A deed has been recorded from Emmeline M. Magoon et al. to Catherine Scully of Lunaillo street property for \$6000.

Figures prepared for Governor Frear's annual report show that county revenues have increased from \$351,382.22 in 1907 to \$1,451,839.67 in 1911.

An extension of lease is recorded from W. G. Irwin to Waimanalo Sugar Co., of water rights, tunnels, right of way, etc., Maunawili Ranch, for five years at \$7,500 per annum.

Treasurer Conkling's bond prospectus shows that the assessed valuation of real and personal property in this Territory has increased from \$121,172,928 in 1901 to \$155,099,438 in 1911.

A release is recorded from California Fruit Canners Association to Consolidated Pineapple Co., Ltd., of real, personal and mixed property at Waiata, etc., for the consideration of \$1 and advances to \$200,000.

Arthur P. Wall, director of the 1912 Floral Parade, has delegated James D. Dougherty of the Elks to negotiate an agreement with that society whereby a clash of programs on the evening of Washington's birthday may be avoided.

A requisition has been made for a special meeting of the Waiata, Kaimuki and Palolo Improvement Club for a special meeting on Wednesday evening next for consideration of club house, incorporation, roads, membership and such other business as may be brought forward. It will be held at the residence of E. H. Boyen, corner Ninth avenue and Waiata road, Palolo.

HONOLULU'S GREAT GASSER.

SAN FRANCISCO, July 12.—The Honolulu Consolidated Oil Co.'s great gasser in the Buena Vista hills, which has been capped for many months, broke out again and is now sending forth tens of millions of cubic feet of gas daily. The company has its employees at work getting ready to cap it again, but before it is controlled many millions of feet of natural gas will have been wasted. The Honolulu is about ready to begin the manufacture of gasoline from the natural gas, and plans to use about 4,000,000 cubic feet daily.

SAN FRANCISCO, July 9.—The Honolulu Consolidated Oil Co. is now having its gasoline plant, consisting of eight eighty-horse-power gas compressors of the Bessemer Gas Engine Co.'s make, installed on section 10, 32-24. These engines are to handle 4,000,000

cubic feet of gas per day, and from this amount expect to secure gasoline in commercial quantities; indeed, it has been estimated that they should be able to produce some 8,000 gallons per day with the saturation calculated upon. The Honolulu is exceedingly fortunate to have struck an oil gas inasmuch as the Standard, with the great gassers, is only partially able to refine it so as to secure gasoline for the reason that their gas is almost what is called a dry product.
